

Soular System signed to local indie Westchester Record Label!!!

Garagista Music
Rivertown Rock
© 2005 Garagista Music

CD Baby Price: [\\$14.95](#)

Welcome to Garagista Music.

"Garagista" is Italian slang for someone who makes wine, literally or figuratively, in his (or her) own garage. It's a labor of love - infused with passion and homemade flavor.

The same goes for music. With their proximity to New York City and physical beauty, the lower Hudson Rivertowns have always attracted artistic types. Even folks with serious "day jobs" indulge their Inner Muse. So we opted to celebrate this vibrant local scene by creating our own label – and Garagista Music was born, with a mission to showcase artists through online and local distribution.

RIVERTOWN ROCK incorporates every color in the rock palette: from totally modern alt rock, to classic rock stomps, to quite singer/songwriter introspection. The artists themselves are as varied as the songs – which are always a heartfelt reflection of the joy of making music. We hope you enjoy this virtual visit to our corner of the world.

14. IF AT 1st YOU DON'T SUCCEED (Soular System)

Hard to believe that such a fat sound comes out of the work of mostly one guy. Cory Morgenstern isn't just the lead vocalist, he also handles piano, acoustic and electric guitar, and harmonica. Those soaring, layered harmonies? Him, too. Morgenstern flawlessly melds a huge range of influences into something uniquely his own. Now Cory has formed a 4-piece band featuring tracks off his debut CD, new original material by other members of the band and wonderfully reinvented covers. They have been promoted by PEAK FM 101 and are performing in the tri-state area in and around New York. They are about to record their 2nd CD to released soon! You can contact them at www.soularsystem.com
